

Docket No. AUS920000865US1

**ABSTRACT OF THE DISCLOSURE**

# GRAPHICAL USER INTERFACE FOR VISUALIZATION OF SAMPLED DATA COMPARED TO ENTITLED OR REFERENCE LEVELS

A method, system and computer program product for  
5 displaying resource utilization information for a  
plurality of resources is provided. A time period is  
determined in which to measure the resource utilization  
information. The resource utilization information is  
monitored based on the time period. A result of the  
10 monitoring of the resource utilization information is  
displayed, wherein the result of the monitoring of the  
resource utilization information is dynamically displayed  
so as to provide an indication of utilization of a  
resource within the plurality of resources relative to a  
15 resource reference level.
